BRIEF ABSTRACT OF LETTER.

Solicits orders as to whether pension & leave allowances should not be recovered from the Mining Co. for the officers lent to the Detective Dept: and whether the services of persons originally employed in that Dept: count towards pension.

NOTES AND ORDERS.

The establishment of the Detective Dept was sanctioned in G.O. no. 3257-60-J342 dt 31.8.1900 and since then the period of its continuance has been extended from time to

time. According to the present arrangement the period comes to a close on 20.7.09. from the above it is apparent that the establishment is temporary. The contribution of Rs 13000 paid annually by the Mining Co. seems to go entirely to meet the actual cost of the establishment, nothing being reserved for pension & leave allowances of officers lent to that Dept. by the Police Dept.

2 The D. G. now raises two questions:-

(1) Whether pension & leave allowances should not be recovered from the Mining Co. under Article 265 of the Imperial Service Regulations.

(2) Whether the services put in the Detective Dept. by persons who were originally entertained in that Dept and who were subsequently taken to the Police Dept. count for pension.

3 The views of these points

seems to be covered by Article 256 of the Mysore Service Regulations. It does not therefore seem to be possible to say definitely whether the services count for pension or not unless it is known whether the Dept. is or is not to become permanent.

4. The Financial Branch may be consulted in the matter.

B.G. Subo. for orders.
19-5-09

5 In regard to point no 1, the records show that the Detective Staff is purely temporary and as such the levy of the additional charge does not seem to be proper (Vide Example under Art 265 of the M.S.R.).

6 As regards the 2nd question, it is desirable that such service as is referred to by the Dy. should be made to qualify for pension but it is difficult to see how, on that account, we can ask the Mining Board to pay pension charges. Cf. Art 254 of the M.S.R.

does not seem to apply, as the Detective Staff has not been made permanent.

9. In respect of officers and men of the Regular Police transferred to the Detective Estabt in question, the contribution payable under art 265 mst has to be recovered. The fact that the Detective Estabt is temporary does not affect the leave & pension of permanent men to which they are entitled as holders of their substantive appointments and their claims to leave allces and pension for the period during which they are transferred to the said Detective Estabt shd be maintained by recovering the prescribed rates of contribution.

10. The Special Detective Estabt of the Kolar Gold Fields Police is not a permanent Estabt and Service rendered as members of that Estabt by men holding no substantive appointments in the Regular Police Estabt of Govt does not count for pension. Art 254 Mys R does not apply to cases of this kind. That article contemplates cases of appointments under Govt & paid by them, created temporarily in the first instance but which are made permanent eventually. In the present case the Detective Estabt is purely temporary & is maintained on behalf by the Companies who bear the cost of the Estabt. In such cases no question of pensionable service in regard to persons who are independently employed as members of the Detective Estabt without being transferred thereto from a substantive office under Govt & paid by Govt arises

12 ~~For~~ No question of contribution for pension leave allces seems to have been raised in 1900 when the establishment was entertained. It does not seem to be fair now to ask the Companies to pay ~~each~~ an addl contribution to cover such charge for the period ~~already~~ from 1900 till now.

As regards the future the Companies may well be asked to ~~now~~ increase the contribution &c so as to include such charges. This will be on the ground that an efficient police can be kept up only by drafting certain permanent men from the Regular police & by drafting promising men from the detective staff into the regular police counting their temporary service for pension &c.

The Company also say that a sum of about Rs 736 will be required annually for this purpose and that this amount can be drawn from the Yearly grant of Rs 13,000/ If this Suggestion is to be accepted, the establishment should be reduced.

17 The Comptroller who was consulted by the I.G. as regards the amount on which the contribution for pension & leave allowances is to be recovered, is of opinion that it must be calculated on the salary one draws in the Detective Deptt, but the I.G. contends that it must be on one's Substantive pay in the Police Deptt & not on the amount one draws in the Detective Deptt.

Conditionally, to pay from the year 1909-10. As the pensionary Contribution for the preceding period amounts to a fairly large Sum viz more than ~~Rs~~ 6000/-, it is a question whether the payment for the whole period need not be insisted on.

2. As regards the qualified "Consent" given by the Mining Board it has to be noted that they do not agree to pay the Contribution in addition to the Lump Sum of ~~Rs~~ 13,000/- now being paid by them. This is practically no Consent at all as we are required to keep up the Efficiency of the force in its present Condition.

3. In any Case there seems to be no reason why the Mining Board should not be asked to pay for the period Subsequent to 1909-10, Contribution in addition to the ~~annual sum~~ thirteen thousand Rupees which they pay us annually.

27 For the Special protection of the Mines, for the Suppression of theft of gold and for watching the dealings of the employees of the Mines with persons in the neighbourhood, the entertainment of a Special detective force was considered necessary and Sir John Lambert who represented the Companies said in his note which is inserted in Mr F. Accordingly a Special detective force estimated to cost Rs 12000 per annum was sanctioned, the cost thereof being borne by the Mining Companies. (Vide G. O. No 3257-60 dt: 31-8-09 J 342)

7. This amount of Rs 12000 represented the pay of the staff and the following miscellaneous charges connected therewith:-

1) Clothing and equipment
2) Travelling allowance
3) Contingencies.
4) Reward and Secret Service
(5) Purchase of furniture and special contingencies (Vide Statement D).

y After an experience of a year and a half it was found that certain alterations in the distribution of the pay of the various grades and in the allotments for travelling allowances rewards, and Secret Service which involved an increase of Rs 1000 per annum in the annual cost of the staff were necessary and sanction was accorded to the increase (Vide G. Thus the amount came to be fixed at Rs 13000/- per annum. What this amount represents is given in Statement D and in the foreposition statement printed in the G.O. of the 17-4-1902. Sir Sheshadri Iyer in his memo dt: 1-7-1900 stated as follows:-

"The contribution promised by the Mining Companies may, however be accepted on the understanding that the same is towards the cost of the extra detective staff required to watch the outside dealings of the employees of the Mines under the special conditions referred to in para 1 above, and towards the payment of rewards to informers."

It is clear that the amount of Rs 13000/- did not include contribution for pension and leave allces It seems that this question was not thought of in 1900 when the detective staff was sanctioned Sir John Lambert said that "they are willing to bear the entire cost

of maintenance" The cost was estimated at Rs 13000/- omitting to include therein the amount of contribution payable for pension and leave allces. If the same had been included, they would have surely accepted it. It seems that the "cost of maintenance" does not exclude the obligation of paying contribution on account of pension and leave allces. The contract in the matter between the Durbar and the Companies may be stated as follows:—

The Durbar should entertain a detective force which should protect the Mines, suppress theft of gold and watch the dealings of the employees of the Mines with persons in the neighbourhood.

The Mines should bear the entire cost of maintenance.

Contribution towards pension may please all Co. will be to treat the entire staff as pmt temporary - There is no disadvantage in the Permanent men of the Police Deptt are transferred they will be permanent in their own substantive places but temporary in the Telos. They will count service in their old appts. for pension temporary work which as a fact is more onerous they get higher pay. Will be a sort of deputation where instead of deputation allce they get increased pay that's all. If the mens don't pay Contribution we cannot make the staff permanent but there is no financial objection for permanent men being deputed purely as explained above -

31 The accounts aspect of the question is clearly put in Mr M. N. Krishna Rao's note of 5.9.1909. I agree* that it is neither fair nor reasonable to ask the Companies to pay contribution from the beginning (1900). It was an omission on the part of Govt then not to have demanded contribution & we must suffer for that omission to the extent of some thousands.

Now the Companies are agreeable to pay contribution (from 1909) and the recoveries should include contribution calculated under 265 M. S. R. The Companies of course say that this contribution should be met out of the Rs 13000/- limit but they will have to be told that a slight excess over the limit of Rs 13000/- may occur in some years by the inclusion of contribution. As the ~~contribution~~ actual cost was below Rs 12000/- in the year 1909-10 & 1910-11 it is not likely that the limit of Rs 13000 will be ordinarily exceeded if no increase of strength of the force is sanctioned.

45 I dont think that the Staff are pensionable unless the necessary contributions are applied & repaid by the Mining Companies —

46 Nor do I see the necessity for frequently changing men from the permanent establishment & thus deteriorate the force what is wanted is a special branch of the Police, get & spend high pay, & not require to be kept up a high state of training by exercising out such as are not of first rate efficiency & fitness - This essentially a "temporary" service should be maintained on a "temporary" (ie non pensionable) footing —

SIR,

I have the honour to invite your kind attention to the latter part of para 8 of Govt. Proceedings No. 3257-60/J.342 dated the 31st August 1900 and to the statement " D " referred to therein sanctioning temporarily the entertainment of a Detective Staff on the Kolar Gold Fields for the special protection of the Mines for the suppression of theft of gold &c and to state that officers and men on the permanent establishment are being lent for service in the Detective Branch of Kolar Gold Field. It is seen from the correspondence therewith connected, that no provision has been made for the recovery of 1/6th of the pay of officers whose pay (on the regular establishment) is not less than ₹100/- a month and of 1/12th of the pay of others and whose services are lent to the Detective Department, being contribution towards pension and leave allowances of such officers and men under Art. 265 of the Mysore Service Regulations. The particulars of

V

expenditure for the amount of Rs 13,000/- which is being contributed by the Mining Companies, do not contain provision towards this.

I beg to request that you will be so good as to obtain definite orders of Government in the matter.

It may also be mentioned in this connection that at the time of the organization of the Detective Department, some who had no permanent footing in the Regular Police Force, were also entertained in the former and have since been brought on the permanent establishment. They request that their services in the Detective Department may be taken to count towards pension.

Orders of Government are also solicited on this point.

OFFICE OF THE
INSPECTOR-GENERAL OF POLICE IN MYSORE.
Dated Bangalore, 26th September 1911

From D. Devaraj Urs Esquire,
Inspector-General of Police in Mysore.

To C. S. Balasundaram Iyer Esq., B.A.,
Offg. Secretary to the Government of H. H. the Maharaja of Mysore,
General and Revenue Departments.

Sir,

With reference to your docket No. J.4008/P. 183-08-2 dated 23rd June 1909 calling for certain particulars regarding the levy of contribu-tion towards pension and leave allowances of Police officers and men lent to the Detective Establishment on the Kolar Gold Fields, I have the honour to state that the Superintendent of Police, Kolar Gold Fields who was requested to furnish the necessary particulars, forwarded in his letter No.223 dated 11th October 1909 a statement showing the amount of contribution to be levied and calculated just as in the case of officers on Foreign service under the provisions of articles 411 and 412 Mysore Service Regulations. As article 265 of the M.S.R. provides for charges of contribution re-covered when Police officers are entertained at the cost

cost of individuals, the matter was referred to the Comptroller for favour of opinion in this office letter No.2527/261 dated 6th November 1909, who in his letter No.4594/T.a.d.754 dated 3rd February 1911 stated that the contribution should be calculated only under article 265 M.S.R. Further in his letter No.7774/1191 dated 21st June 1911 he intimated that the contribution is to be levied on the salary received in the Detective Department. According to this view of the Comptroller, the rate of pension to be paid to an incumbent if he retires from that Department, will be higher than that to which he would be entitled if calculated on the pay of his substantive appointment.

2. The officials lent to the Detective Depart-ment are entitled to the rate of pension calculated on their substantive pay - whether they retire from that Department or after reversion to their appointment in the regular force. Hence I am of opinion that contribu-tion is leviable only on the pay of the substantive appointment and not on the gross salary which they might get in the Detective Department. The allowance is only local and cannot be taken into account in pension calculations.

7

calculations.

3. The Deputy Commissioner, Kolar District, reports that Messrs John Taylor & Sons Committee are prepared to contribute towards the pension and leave allowances commencing from the official year 1909-10 and that this amount can be drawn from the yearly grant of Rs 13000/- without impairing the efficiency of the Force. Copy of letter dated 27th December 1910 from the Secre-tary and Treasurer, Messrs John Taylor and Sons Com-mittee is enclosed.

4. Two statements received with Kolar Gold Fields Superintendent's letter No.89 dated 29th August 1911 are herein enclosed. One showing the amount of contribu-tion to be levied from the date the officers and men commenced their services in the Detective Department up to the end of June'11 and the other from the year 1909-10 to the end of 1910-11 i.e. the date from which Messrs John Taylor & Sons agreed to pay the contribution.

5. Orders of Government are solicited on the following points:-

i. Whether contribution should be levied on the pay of the substantive appointment or

or on gross salary in the Detective Department?

ii. How the expenditure for the contribution prior to 1909-10 should be met, if the same is not paid by Messrs John Taylor & Sons?

I have the honour to be,

Sir,

Your most obedient servant,

Inspector-General of Police.

Letter dated 27th December 1910 from the Secretary & Treasur -er, Messrs John Taylor & Sons Committee.

Kolar Gold Fields Detective Police Force Pension and leave allowances.

In reply to your letter No.244 of the 30th November, I am directed to inform you that the Committee, after consulting with Mr. Arthur Taylor, are prepared to contribute towards the pension and leave allowances of the Inspectors and constables employed in the Kolar Gold Fields Detective Force, commencing with the official year 1909-10.

I understand that a sum of about ₹736/- will be required annually for this purpose and that this amount can be drawn from the yearly grant of ₹13,000/- without impairing the efficiency of the Force.

Dear

With reference to the correspond-
-ence ending with your office letter
no. 1203-124 dated the 26th September
1911 on the question of levying contri-
-bution from the mining Cos. towards
the pension and leave allowances
of police officers and men lent to
the Detective Establishment on
the K. G. F., I am desired to request
you to be so good as to furnish
information on the following points at
a very early date :-

(1) The no. of officers and men
of the regular police now employed on
the Detective Establishment with particulars
of their salaries both in the Police Dept.
& on the Detective Establishment.
[Information may also be furnished as to how these men
are treated about their pay etc when they revert to the State Police
Force]

18

(2) The no. of men (with similar particulars as to their pay) who having originally been entertained in the Detective Establishment at the time of its organisation have since been transferred to permanent service in the Police Dept (Please see the penultimate para of your Police letter no. 6207-560 dated the 26th April 1909)

As the matter is urgent a very early reply is requested.

Yours Sincerely

Secretary

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial and Legislative (Police), dated 20th September 1912.

READ—

Correspondence ending with letter No. 1203—124, dated the 26th September 1911, from the Inspector-General of Police in Mysore, regarding the levy of contribution from the Mining Companies towards the pension and leave allowances of Police officers and men lent to the Detective establishment maintained on the Kolar Gold Fields and the calculation towards pension of the services rendered in that establishment by persons who, originally employed in the establishment, have subsequently been transferred to the Police Department.

No. J. 814-17—POLICE 183-08-4, DATED BANGALORE, 20TH SEPTEMBER 1912.

ORDER THEREON.—The Detective Establishment on the Kolar Gold Fields was sanctioned temporarily in 1900, and the period of its continuance has been extended from time to time, the Mining Companies paying an annual contribution of Rs. 13,000 towards its maintenance. Its staff is made up of Police officers and men lent by the Police Department and men working on the establishment without holding any substantive appointment under Government. The Inspector-General has now raised two questions, namely, (1) whether contribution should not be levied from the Mining Companies towards the pension and leave allowances of officers and men lent to the establishment and (2) whether if persons originally employed in the Detective Establishment are transferred to the Police Department, their services on the establishment will count for pension.

Strictly viewed, the contribution payable under Article 265 of the Mysore Service Regulations has to be recovered from the Mining Companies in respect of Police officers and men transferred to that establishment from the year 1900 when the establishment was entertained. But as this question was not raised at the time, Government are prepared to waive their claim for contribution up to the beginning of the official year 1909-10. From that year the matter stands on a different footing and the Mining Companies have expressed their willingness to pay contribution towards pension and leave allowances and they state that the amount required for this purpose can be met from the yearly contribution of Rs. 13,000 made by them. It is reported by the Comptroller that it is not likely that the limit of Rs. 13,000 will be ordinarily exceeded if no addition is made to the existing strength of the establishment, but that a slight excess may occur in some years by the inclusion of this item. In these circumstances, Government direct that contribution towards leave allowances and pension of the officers and men lent to the Detective Establishment on the Kolar Gold Fields be levied from the Mining companies only from the year 1909-10 and onwards. This contribution should be levied on the pay the officers and men actually draw in the Detective Establishment and not on the pay of their substantive appointments in the Police Department. The Companies should be prepared to bear the extra amount that may be required in some years for this purpose.

As regards the other question, *viz.*, whether service on the establishment may be counted towards pension by persons who, originally employed on the Detective Establishment, are subsequently transferred to the Police Department, Government regret they cannot accord sanction to such a course as it is opposed to rules.
